

**LEYDEN AND
ANTIOCH VS.
ARLINGTON**

Strong Teams Oppose Local;
May Have Their Hands
Full Before Close

The Heights Basketball team face the crucial test of their early season basketball this week-end. They face, on successive nights, two of the strongest squads in the conference. Leyden will be met at Franklin Park tonight and tomorrow night the strong Antioch squad visits Arlington for the first of the two annual games between these two old rivals. The other Antioch game to be played at Antioch, winds up the regular season for the Cardinals March 2nd.

Franklin Park is proving this year that she is able to make her place up among the leaders in the conference in basketball. While it is hardly probable that the boys from Leyden will rest on the top most rung at the conclusion of the race this year, it is entirely possible. And they are almost certain, if they live up to all expectations, and keep on improving, as they are likely to do under Coach Watson's guiding wing, to be near the top at the finish.

With Capt. Bell and his teammates, Guillard, at forward, Mr. Watson has a pair of battling sharpshooters that will wreck havoc with more than one defense this season. Bell seems to be equally good driving under the basket and connecting from long range. Rogers, at center, is a last year second team boy and so far is going great guns at the pivot position.

Of only average height he held his own in games to date. Brekke, at guard, is a good scoring man and covers up quickly. Spalding, the back guard, is the smallest boy of the five and he earned his spurs by his aggressiveness and ability to keep the other team away from scoring territory.

There are something like thirty boys working out on the squad and Principal Baker has charge of the lights. Under his direction, the boys are playing real ball and will give the young Cardinals a run for their money.

The Arlington gang hasn't been going so well in practice this week and if the old adage of a poor practice presages a good game, is good for anything the Cardinals should be "hot" tonight. There will probably be little change in the starting five this week, and, as has been the case even in the harder games, several changes will likely be made in the lineup before the end of the game. The boys are all pretty evenly matched and a substitution doesn't necessarily weaken the team in fact, it quite often strengthens it.

Tomorrow night in meeting Antioch on the Heights' floor, the local team will be facing up against what is probably the toughest outfit in the conference. So far this season no team has even denied the defense of the upstate bunch. They have successfully smothered the offense of all opponents and promise to keep up the good work here. But the Arlington boys feel differently on the matter and pledge themselves a desperate fight in the attempt to turn back the gang that last year won the conference tournament title, placed third, just above Arlington in the regular league standing, and that made such a stand against the Waukegan five at the state district tournament.

Several of that last year's team is back including Steininger, Sheehan, Cremin, Wertz, Murrie, Datzel and Polbrick. Coach Reid has built a real aggregation out of these boys and so far they have been burning up the courts against all opponents.

The games with Antioch will start with the usual second team contest, with the main attraction beginning at about 8:45. A. L. Glick of Chicago, will handle the games.

**Joint Choral Clubs
Of Two Railroads
In Annual Concert**

The C. & N. W. Ry Choral Club sang "The Bridal Chorus" from the "Rose Maiden" and "On the Blue Danube" as guest numbers at the C. Ry. Choral Club Annual Concert given at the Y. M. C. A. Hotel, 826 S. Wabash avenue, Chicago, January 3, 1929.

Mr. Carl Craven directed the C. Ry. Choral Club, Mr. Harry Slater directed the C. & N. W. Ry Choral Club.

The concluding number was the singing of Handel's Hallelujah chorus by the two clubs under the direction of Mr. Craven.

**Operation Discloses
Thirteen Hundred Gall
Stones In Patient**

Mrs. Fred Mueller, who will leave the Wheeling hospital some time this week will leave behind her 1300 gall stones, which the attending physicians declare to be a record breaker. She was operated upon at the Wheeling hospital three weeks ago by Dr. Larson and Dr. Gady and the above number of gall stones were removed. She can not say enough in praise of the hospital and Dr. Larson.

**Presbyterian Church
Teams Open Season**

The Presbyterian church teams opened their schedule Wednesday night when two games were played in the church gym. The girls team started the evening off right by beating the Niles Center team 39-20. Niles Center had a couple of sharpshooters that connected every time they received an opportunity.

But the Arlington bunch displayed a more versatile attack and a tighter defense than the visitors. M. Johnson and E. Hertel at forwards and E. Menard at center, rained shots at the basket, a goodly portion of which dropped thru for counters. Each scored about the same number of points, with E. Menard continually feeding the ball to her teammates. Bernice Perrin and Lorraine Muller put up a nice game at the guard positions, the latter scoring twice. M. Brockmeyer and A. Rowe were inserted in the local lineup and played a nice game.

For the men's part of the entertainment, a team composed almost entirely of married men played a team of young bachelors and emerged victorious after 32 minutes of highly amusing pulling and tugging and sweating. Some real basketball was displayed at times with George Kost, showing some of his old time skill in his ability to cut under the basket for markers. Teamed with him at forward as in the old high school days, was Nickols who played a good game even if slightly winded at times and at times a trifle aggressive.

Erstwhile of Waukegan played a creditable game at Center. Bill Pate and Coach Grose played the guard positions and while the latter could not qualify for the team, due to his state of "single blessedness" he did qualify as a bulk and general swatman. Bill Pate showed an increase in his wasteline but still was able to move down the floor and feed the ball in nice style. Donham broke into the game at a guard position.

For the younger set, Wallie Meyer and Bob Prosser, Ole Johnson, Charlie Paulsen, "Pooch" Klehm, Cliff Crane and H. Lips, played the roles of contestants with Crane, Prosser and Paulsen bearing most of the scoring duties. Meyer and Johnson played best on defense.

Next Wednesday night another double bill will be played with outside teams, both boys and girls. A nice schedule has been arranged for both teams and each week will give a good game in the church gym.

**D. Y. Beaty Writes
He Has Big Time
At Atlantic City**

In a letter received by the editor from D. Y. Beaty, the latter tells of his celebration of Christmas and New Year at Atlantic City. His thoughts turned back to Arlington Heights when he received copies of the Herald, telling about the recent happenings back home.

If the editor did not know that D. Y. is over twenty-one years old, that his wife is with him, we would think from his letter, he was a younger sowing his "wild oats." He writes that his wife has entered into the vacation spirit and does not question him too closely when he returns after a sightseeing trip. Neither did he make any New Year resolutions; he could not think of any way to improve and Mrs. D. Y. did not suggest any. He writes of his sightseeing trip as follows:

There was estimated to be forty thousand guests at Atlantic City over the holiday season. The city was lavishly decorated. The boulevards, the trees and stores were electric lighted. The high school building that has the big organ that broadcasts, had a very large Christmas tree, all electric lighted. A wonderful sight.

I dropped in to see the new convention hall that is nearing completion. The building is made of brick and concrete, has been two years in building. Has cost 5 lives and will cost about 10 million dollars. It covers 7 acres of ground, fronts on the beach. The basement is for parking cars. The main auditorium seats 40,000. The dance hall 5,000.

There can be several conventions going on at the same time. New Years day it rained most all day. This morning it was quite cold, 12 degrees above zero. But the sun is out and warming up a lot. I think I like it best here in the summer.

**New Years Eve
Watch Party**

The home of Mr. and Mrs. Jacob Bauer on Douglas avenue, was ablaze of cheerful light Monday night, December 31. The occasion of a happy watchnight party, when a group of friends gathered with them to watch the old year out and the new year in. This you may be sure they did in jolly good fashion. Card games and conversation and an abundant supply of choice refreshments, such as Mrs. Bauer, cannot be excelling in preparing for we have tested her wonderful doughnuts, cakes and home made bread. Those who shared the merry party and enjoyed the hospitality of the host and hostess, were Mr. and Mrs. Heckmiller and Mrs. Joseph Lindner, Mr. and Mrs. Martin, Mr. and Mrs. Henry Adams, Mr. and Mrs. A. Lukhauf, Mr. and Mrs. Jacob Schenck. A happy company who began the New Year happily together.

MASON LODGE
IS INSTITUTED**

Arlington Heights Lodge (UD) A. F. & M. was instituted, Thursday evening, January 3, by Paul A. Pabst R. W. D. G. M. in charge of the district in which this lodge is located.

The instituting ceremonies were beautiful and were impressively conducted by the officers in charge. There were over 200 members of the order present, including many past officers and members of surrounding lodges, several of whom presented useful articles of equipment which the new lodge will need. One member of the new lodge presented a check for a substantial sum to be used to purchase new paraphernalia.

An organization of this character, composed of many of our leading citizens should prosper and become a strong factor for the betterment of the community in which it is located.

The officers inducted into office at this meeting were:
Elmer W. Crane—W. M.
Gottlieb Schenck—S. W.
Levi Hepp—W. M.
Nels Olson—Treasurer.

Elmer F. Laurin—Secretary.
William C. Muller—Chap.
Walter J. Schuetz—S. D.
Martin S. Fehlman—J. D.
George L. Pfingsten—S. S.
Herman H. Baumann—J. S.
Hugo Behrer—Mar.

Charles E. W. Nelson—Org.
Charles W. Peters—Tyler.
Regular stated meetings of this lodge will be held on the first and third Thursday evenings of each month, at 8 p. m. in the lodge hall at the Presbyterian Parish House.

**Cinders Used To
Bring Obedience To
Highway Stop Lights**

Storekeepers often sprinkle ashes on the slippery side walks as protection to their customers, but this week the village did a like service for the motorists who use the northwest highway. Cinders were sprinkled on that road before the stop lights. Otherwise fewer cars could have obeyed the danger signals. Whoever was responsible deserves the thanks of the general public.

**Judge Byrd Buys
House; Claims It Is
An Investment Only**

Judge H. J. Byrd bought a house this week. The lot, No. 98, in Fairview addition to Arlington Heights, is improved by a new house, and is owned by Mrs. Grace McCarthy, who is the seller. It is no surprise to friends of the judge and director of education that he should be thinking about buying a house. As one of his friends states, "the judge should have been living in his own house years ago."

When this opinion was reported to the judge, he did not deny the truth of the statement, but he emphatically denied that he has any intentions of doing so now. All the editor can say is that some fellows are too obstinate for their own good. We often hear of marriageable young men who keep away from the altar because he does not own a house, but we seldom hear of a young man, who in his right mind buys a home with out any intention of moving within it together.

Free-Seed Distribution
In 1929 congress gave \$1,000 to the patent office for the purpose of procuring and distributing seeds of "rare and improved varieties" and for gathering agricultural statistics. This was the beginning of the great annual free distribution of seeds. The practice was discontinued shortly after the World war.

**Palatine Chapter No. 585
Order of Eastern Star
Installs 1929 Officers**

Palatine Chapter No. 585 O. S. S., held its annual installation of officers last Friday evening. It was what might be called a "home" installation. It was held in its own chapter room, the first time in four years, and was attended largely by home members.

The hall, which had been recently redecorated gave a fine setting for the impressive ceremony attending the induction of newly elected officers into their respective stations. Mrs. Isabelle Stroker had the privilege of being installed by her mother, Mrs. Theresa Porter, a past worthy matron of Palatine. The acting grand officers assisting Mrs. Porter were Mrs. Sallie Volz, grand lecturer and past worthy matron of Palatine; as installing marshal; Mrs. Pearl Kuebler, past worthy matron of Palatine; as installing chaplain; Mrs. Bertha Hauck, of Park Ridge, as installing organist; Josephine Richman as installing soloists. The escorts of the installing officers were Messrs. Geo. Volz and Roy Born, past worthy patrons of Palatine chapter and Halbert Porter, of Park Ridge, a brother of Mrs. Stroker. Mr. Geo. Hermann, retiring commander of Palatine Legion Post, acted as color bearer.

Following the installation ceremonies, short responses were made by Mrs. Stroker, worthy matron, Walter Stroker, worthy patron and the installing officers.

Mrs. Volz, instructress of the chapter, presented to Mrs. Maybelle Jasper, the retiring worthy matron, a past matron's jewel, expressing to Mrs. Jasper the appreciation of the chapter for what Mrs. Jasper had done for the chapter during the many years she had been an officer and particularly the year that has just closed. She also alluded to the team work the 1927 officers had displayed. Mrs. Jasper responded with a few appropriate words. Mr. Geo. K. Volz, had the honor of presenting the retiring patron's jewel to Mr. Geo. Wilson. Mr. Volz did it in his usual inimitable manner and Mr. Wilson responded.

The new officers, who were installed are as follows:
Isabelle Stroker—Worthy Matron.
Walter Stroker—Worthy Patron.
Helen Swick—Secretary.
Mary Meyer—Associate Matron.
Lily Schierding—Treasurer.
Lulu Hermann—Conductress.
Alma Tesh—Associate Conductress.

Mildred Thompson—Chaplain.
Laura Skoog—Marshall.
Della Krueger—Organist.
Marie L. Boite—Adah.
Edna Senne—Ruth.
Hazel DeBerge—Esther.
Myra Fosket—Martha.
Mildred Sanborn—Electa.
Ella Martens—Wardner.
Irene Tesch—Sentinel.
Sallie Volz—Instructress.
Margaret Padlock—Correspondent.

Eulogies Over the Dead
The custom of funeral sermons, together with various other rites in connection with the burials, may be traced back to antiquity. Even the primitive peoples had certain ceremonies in connection with the burial of their dead. In ancient Greece and Rome the custom of eulogizing the dead was very popular.

**LIONS TO HELP
CLEAN FRONT
YARD VILLAGE**

When forty odd Lions sit back in their chairs after one of those meals that the Dorcas ladies delight to serve, and Bert H. Lauder milk waxes eloquent on Arlington Heights in general and the need of civic beauty, there could only be one result—forty volunteers to take off their coats and go out and do the job right.

This is what happened at the Lion's club gathering Tuesday night. Bert H. was not trying to sell lots to his fellow members, nor was he delivering an oration. He was only replying to the toast, "Why I joined the Lions club." His words carried conviction and there was much whoopee. In other words, the rector sold Arlington Heights to Arlington Heights business men.

The business men who too often look upon these bi-weekly Lions dinners as merely a relaxation from business cares, were awakened that evening to the fact that there are a few jobs awaiting action in Arlington Heights that needs just such men as these to put them over. Mr. Lauder milk talked a lot; other people said a lot, but here is what happens after forty able bodied, well-fed men lay back their chairs from the banquet table and wonder "what next?"

Arlington Heights front yard is to be cleaned up. If not, the Lions Club is going to find out "why not?"

Arlington Heights is going to have a new depot, if the combined action of the Lions club and Bert H. Lauder milk, with the aid of the railroad can make it possible.

Having got the depot and the village front yard spic and span, Bert H. Lauder milk is going to donate to the village the finest and most attractive bubbling fountain to be found in any Cook County village.

The nursing service of Arlington Heights is to be put upon a firm basis and supported by taxation. The cost will be equally distributed. The Girl and Boy Scouts will be fostered to a greater extent by the Lions.

The Lions members are determined to aid the civic welfare of the village.

President Byrd, in calling the members together, stated that there was no time like the beginning of the year when the club should look around a bit and perhaps make a few New Year's resolutions of its own.

The first matter brought up was the need of placing the community nursing service of Arlington Heights upon a firmer business basis.

It was explained that there were certain people and agencies in Arlington Heights who felt that the community nurse should be supported by the people and not by a few. Some feel so strongly upon this matter that they have withdrawn financial aid until such time as this work is supported under general taxation, the same as library and band.

Lion Miltzer is appointed chairman of a committee to investigate and report at the next meeting of the club the necessary steps to be taken to put the proposition upon the ballot. Miss Jackson, the community nurse was invited to speak before the Lions at the next meeting of the club, and will talk on the duties, needs and accomplishments that have been made, and under the present methods of operation, and what could be expected if the department is supported by taxation.

The next matter coming to the attention of the Lions was the need of Girl and Boy scout organizations. While the Boy scouts are fostered by the Lions club, the organization for the Girls needs an equal service. As is customary, Bert H. Lauder milk was called upon as a new member to tell why he is a Lion. Mr. Lauder milk waxed eloquent. He said that he joined the Arlington Heights Lions club because he discovered what the club means to the village. He concentrated his business activities in Arlington Heights because he liked the people of the town itself, and realized the further possibilities. Here he found a well balanced community, so far as the class of people, schools and churches are concerned. He has continued his activities here because there is no other village that has more desirable subdivision property as close to the depot as he found here.

Clean Up Front Yard
Mr. Lauder milk stated that he had one hobby however that he will never be contented until it is realized. That is a new front yard for Arlington Heights. That means a new depot, a new and modern freight house, removal of elevator and cattle yards and the installation of a magnificent bubbling fountain under the care of the park board; the fountain to be purchased and installed by Mr. Lauder milk. He made the latter offer to show his sincerity, and explained that this is not the first offer he has made in Arlington Heights.

When he met officials of the Northwestern Railroad in Arlington Heights, recently and accompanied them over their property, he urged a new depot. The railroad officials agreed with him, but distinctively let it be known that if a new depot is erected somebody besides the railroad company will have to help pay for it. Mr. Lauder milk has offered to pay a quarter of the cost if the village will pay the other quarter. It is understood that the railroad company would pay half the cost.

The Lions club felt so well of the

To Hold Big Meeting**

The N. W. Suburban Council Annual Banquet will be held in the Masonic Bldg., DesPlaines starting 6:30 on Monday evening the 14th. All members of the N. W. Suburban Council will be there with their lady friends. A general review of all scouting for the past year will be given. The program as outlined will be as follows:

Dinner, Executive Report, President's Message, Election of Officers for 1929, Presentation by Judge Forberg, Inspiration Talk by D. Clark, The Forward Look by N. B. Thompson, Music by Troop 7 Band.

Indications point to a large attendance a good time to be had by all.

On January 15th a large delegation will be at the Edgewater Hotel for the Laymen's Convention where men of all walks of life will gather together to exchange ideas with each other with a thought of making the scouting program bigger and better than ever.

Anyone desiring to take in either of these may do so and should notify the scout office of your intention.

**Arlington Heights
Young Lady Dies**

The bell of St. Peter's tolled Wednesday morning for the death of Miss Elsie Erber, who died in the home of her parents in South Duntun avenue this morning.

Elsie Erber was born in Elk Grove township April 24, 1908. She was confirmed in St. Peter's church April, 1922, and died in her parents' home in South Duntun avenue, Arlington Heights, Wednesday morning at three o'clock. Jan. 10, 1929, at the age of twenty years old. Elsie never very strong had been ill ever since Christmas, and her death was not unexpected. Her funeral will be from the home of her parents, Saturday at 1 o'clock and in St. Peter's church at 1:30. She is survived by her parents, and two brothers.

**Presbyterian Sunday
School Closes Most
Successful Year**

The Sunday school of the Presbyterian church of Arlington Heights held its annual election Sunday, Dec. 30. Mr. S. E. Pate was re-elected as superintendent and went that record as regularly as the new year comes around. There were 120 who received books for perfect attendance during the year. The financial report was particularly interesting. It accounts for the receipts and expenditure of over \$1,800, nearly one fourth of which was given to missions and an amount as large still remains in the treasury. The offerings of the year were over \$1,500. Among the expenditures was nearly \$400 paid to the church building fund.

The officers are as follows: S. E. Pate, Supt.; Mae Mueller, assistant superintendent; Millie Johnson, secretary; Aurelia Rau and Margaret Johnson, assistant secretaries. Winchester Castle, treasurer; Grace Lorenzen, chorister; John Allen and J. N. Roth assistants; Mrs. Nellie Rau, sump. cradle roll department; Ethel Hartel, organist; Fern Lorenzen and Lorraine Mueller, assistants.

talk of Mr. Lauder milk, that following a general discussion, the president appointed a committee composed of Lions Brown, Heller, and Lauder milk to work on the new front yard idea.

While the club was still feeling so peppy, the suggestion was made that it entertain the clubs of the neighboring towns and a special committee was appointed for that purpose.

**DESPLAINES
INSURANCE
CO. ELECTS**

Secretary Busse Gives Excellent Report; Heavy Losses In Year

In spite of heavy fire losses during the past year, the policy holders of the Des Plaines Mutual Fire Insurance Co., have been asked to pay only two assessments the past year and for the past five year period, the total assessments have only been in the neighborhood of \$6.00 per thousand dollar insurance. The increase in insurance in force Dec. 31, 1928, over a year previous is \$131,822, a total insurance of over \$12,000,000, with premium notes totaling \$349,523 and policies numbering 2,669. The fire losses of the year were many. The greatest loss was the Herman Lesberg fire at Palatine, which cost the company \$9,400. There was a \$5,000 loss at Barrington, and numerous losses in Glenview, neighborhood, the largest of which was the one of Mrs. Eda Sanders, amounting to \$8,650. The John Dig fire cost the company \$2,478.

The above and other data was presented to the stockholders at the annual meeting held Tuesday evening at Mt. Prospect. The retiring directors were all re-elected. Following the stockholders meeting, the directors met and re-elected the present officers, as follows: Wm. Maas, president; Fred Wille, vice president; Geo. Busse, secretary-treasurer; G. L. Busse, assistant secretary. The board of directors who were re-elected are George F. Meyer, Henry J. Schroeder, George Busse, all to serve for a three year period.

One amendment was made to the by-laws. Henceforth insurance on silos will be for fire only.

Company Shows Big Growth
The Des Plaines Mutual Fire Insurance Co. has advanced with the times and where in older years, the losses were small and assessments in proportion, today with greater insurance and damages by fire, proportionately greater, the balance sheet shows totals surprisingly large. The receipts of this company last year were \$44,600 and the expenditures over \$35,000. Fifteen years ago the receipts were hardly \$6,000 and the expenses a little less.

The annual meeting was well attended and the reports of the secretary were attentively received. The business of this company extends to nearly all of the townships of northern Cook county and hundreds of its policy holders are readers of this paper and will be interested in the following figures that were taken from the report of the secretary.

There have been two assessments the past year, each for six per cent of the premium notes. The total equals less than one-third of one percent of the insurance. During the past three years that Mr. Geo. Busse has been secretary, there have been only three assessments, which is the record for the past five years, there being two years without any assessment being levied.

The board of directors, who represent the company in their own communities are as follows:
Wm. Kruse, Des Plaines.
Fred Wille, Des Plaines.
Wm. Maas, Park Ridge.
H. G. Winkelman, Leyden.
John Van Dine, Norwood Park.
Ed. T. Reuser, Niles.
George F. Meyer, Arlington Heights.

Wm. Hagen, Glenview.
H. J. Schroeder, Palatine.
Wm. H. Kruffuss and Geo. Bauman, are agents in Barrington.

Light That Never Fails
A lighthouse which cannot very well be accused of failure consists of a combination of electricity and acetylene. There are two electric lamps, and in case one fails the other is automatically thrown into action. If the second should fail down on its job the acetylene light is put into operation instantly and will glow until the supply of gas is exhausted.

The relatives and friends of Mrs. Helen Vogel, gathered in her home Thursday afternoon to surprise her with a gift shower.

Many parties and social affairs have been broken up or postponed because of the many sick and in some families deaths.

Mr. and Mrs. John Intravartolo went to Des Plaines to participate in a New Year celebration with his parents, New Years Eve.

Mrs. Walter Karstens, who has been ill for some time, has gone to the home of her parents, Mr. and Mrs. Wm. Kehe, that her mother may care for her without leaving her own home. Mrs. Albert Kehe is taking care of Mrs. Karstens' baby.

Mr. and Mrs. Charles Paddock and Mrs. Frank Sachs, attended the funeral of Mr. William F. Gray, brother of Mrs. Minnie S. Spink and uncle of Mrs. Paddock, Wednesday, at Norwood Park. Rev. H. A. Kossack had charge of the service.

Mrs. Grace Johnson entertained six couples to a bunco party and a social evening at her home recently. Prizes were given to the lucky winners. Dainty and appetizing refreshments were served.

Mr. and Mrs. H. Toepfer entertained several friends to "500" Saturday evening. Refreshments were served. All had a good time.

Mrs. Elizabeth Bray entertained a society of the M. E. church at her home Monday evening.

The funeral of the unfortunate child, who was burned to death, Stephen Jacobic, was held Tuesday. The interment was in All Saint's cemetery at Feethanville.

"The Glean Around the Christmas Tree" a name for a number of ladies congenial spirits, have enjoyed social gatherings recently around their Christmas trees Mrs. O'Donnell and her daughter entertained the group Friday last week. Monday the Draper-Klehms were hostesses to the same company in their home. Tuesday Mrs. Brunnke and with her daughter, Mrs. Harold Peter in her home.

Mrs. Plüger and her daughter, Mrs. Topping, are also in the group. These social group gatherings are far more enjoyable than larger gatherings, especially when all are congenial.

Mr. and Mrs. C. H. Watson entertained a family party in their home Christmas when their son, Earl Watson and their daughter, Ruth, now Mrs. Richard Wilcox, and her husband, were with them. Later they visited their other daughter, Helen, now Mrs. Willard Kates at Philadelphia.

Mrs. Erickson entertained the Card Club in her home on Hawthorne street, Thursday afternoon.

Name Made Famous

The name "Old Glory" for the name of the flag of the United States was first applied in 1831 by William Driver, a sailing captain of Salem, Mass.

South Side Breezes

Uncle Mose

Brrr—cold? Say issen brother ahm tellin you all dat it sho has been cold n' taint nuthin else, no matter what dese here Northern-ers tell yo all. How dey kin go hustlin long n' whistlin is more dan Ah kin see. Ahs got mah red flannel underwear on but dem dere Souf Side Breezes jes seem to whiz right froo mah red flannels and den froo Unc Mose n straight on Souf.

Ah wuz always called de prespiratin fool down Souf in de cotton fields ahs sho as de debil los mah reputation now. Yess—h.

Its been mighta hard on dis nigger n Slow Motion to try to get dis here Noose dis cold weather. Slow Motion jes naturally slides all ober de Souf Side but de trouble wid her am dat she always a gwine de wrong direction fo to get de noose.

Ah always usta to loaf on dis here job when dere was real cold weather but now dat ah got mahself into dis here marriage mess (Dats one time ah slipped more dan Slow Motion) ahs has to keep humpin even if dere am icicles hangin on mah nose.

N let me tell you all folks, de minute ah got mah back inside de front dob, Lizah takes it right out o mah hand an ah aint seed or heard tell of it since. Ah did notice dat Lizah am spotin a elegant red hat all cobered wid feeders. Ah jes wonder when ah look at dat hat if dat aint mah pay check.

Take mah advice young fellers n' dont get married.

Mrs. Grace McCarthy sold her home on South Mitchell to Judge Byrd Saturday evening. The McCarthy's intend to live in one of the Reese apartments for awhile but they are making plans to build another home on the South Side.

I was talking to Uncle Mose the other day and he seemed to be quite excited. He exclaimed "Ah done guess dat joh Judge Byrd made de same big slide ah did. No how ah heerd hes got him a home on Souf Mitchell an no man am gwine to libe in a big house like dat wid out a partner."

I told Uncle Mose that he had rather underated Judge Byrd's common sense and that he had figured it all out wrong. Just because Mr. Byrd bought the house was no sign that he intended to occupy it himself. Uncle Mose seemed a little doubtful but it's a fact.

We're sorry to hear that the Goums family on South Mitchell are moving back to Chicago January 16.

Mr. Thomas A. Pope, formerly of the "Pope Decorating Company" at Edison Park has now opened up a business of his own here in Arlington Heights. Communication with Mr. Pope may be had at his home, 805 South Mitchell, or phone 433-J.

Mr. Robert Seiter, contractor from Chicago has several nice houses under construction on South Mitchell.

Mr. and Mrs. Jacob Brown of Milwaukee spent Sunday and Monday with the Scherer family on South Mitchell.

Mrs. C. Ellertsen and daughter, of Chicago visited Mr. H. Grismer and family on So. Highland Thursday.

It is fifteen minutes off for lunch every day at the local postoffice, since the Heidorn Sandwich shop opened up. Rose, the young lady clerk, started the lunch period and the rest of the force except the postmaster, now go and do likewise. Ben takes his lunch period to hun home and say hello to that young daughter at his house.

The postoffice force were among the sufferers during the recent cold snap. Ralph Stippick is still off duty, his place being taken by Arthur Grose, the parcel post carrier, who has transferred the latter duties to Wilbert Rodewald, who is handling the bundles. No, Rose Henges was not sick the two days that she was missing. It was just too cold and too slippery to come down town.

PRESBYTERIAN CHURCH
January is Foreign Mission's month throughout the Presbyterian church and a sermon on Foreign Missions will be preached Sunday morning at 11 o'clock.

Foreign Missions in the Presbyterian church is a great enterprise. It expended \$4,000,000 in Foreign Missions work last year. What was your contribution to this?

Ralph Briggs will have charge of the Christian Endeavor meeting Sunday night.

We were glad to receive two young people into Christian Endeavor fellowship last Sunday night.

The choir meets for rehearsal each Thursday evening at 8 o'clock.

The Ladies Missionary Society will meet with Mrs. Frank Whitling Friday afternoon at 2:30.

The men of the congregation meet in the gym for baseball and volleyball each Friday night at 8 o'clock.

The Womens' Bible Class will meet in the church parlors Friday afternoon, Jan. 18, at 2:30 o'clock.

The Men's Club will meet for dinner and a social hour Friday evening, Jan. 18, at 6:30.

Death Of Mr. Boeger
Brings Memories Of Old Days In Arlington Hts.

The death last week, of Mr. H. W. Boeger, who had lived nearly all of his life in Arlington Heights and vicinity brings to the mind of many of his friends earlier days in this village and the part the deceased occupied in the growth of the village since he started the lumber yard here forty-five years ago. Coming to Elk Grove in 1857, he had spent nearly three-quarters of a century in this vicinity. He had been a farmer, carpenter, business man and interested in real estate. He did not retire from the latter business until two years ago, when nearing his 79th year. Few men have such a record.

Mr. Boeger was born in Hessen, Oldensdorf, Germany, Feb. 13, 1847, coming to America with his parents when ten years old. The family first located in Elk Grove.

It was not long before his father purchased the present Albrecht farm on the south side of the Palatine road, in Wheeling township. He took up the trade of a carpenter and when the Chicago fire occurred he answered the call for help from the stricken city and spent nearly five years engaged in rebuilding that city.

October 28, 1873, he was united in marriage to Miss Caroline Kuehl. He purchased a small farm east of his father's farm and erected there on his own house, where with his bride, he started married life. He continued at his trade as the weather permitted, but in 1884, he established a lumber yard on the block east of the Old Folks home. His home faced the present north-west highway and his shop and yard extended north on property that faces Memorial Park. When a disastrous fire destroyed his yard and shop he did not become discouraged, but with that dominant spirit that always brought on success in what he undertook, he purchased the lumber business of Christ Geils on South Evergreen street, which he later sold to Tibbits-Cameron Lumber Company.

He then in partnership with Peter Beyer, started a real estate and insurance business, erecting the present office of H. F. Redeker. He continued in the real estate business until about two years ago, but retained his insurance business until a week before his death, when he cancelled the agency.

Mr. Henry W. Boeger, a resident of this vicinity over seventy years, died Sunday morning, December 30, at his home on South Dunton street, Arlington Heights, aged 81 years, 10 months, 17 days. Cause of death was chronic gastritis. He had been in ill health the past four months and the last four weeks, was not able to leave his bed.

The funeral was held Wednesday afternoon, at St. Peter's church with services in both the English and German language. Rev. Noack and Rev. Fricke officiated. Interment was in St. Peter's cemetery.

Four of the ten children preceded their father in death. Those who remain to mourn their loss are his wife six children, John and Herman Boeger, Arlington Heights; Mr. Henry Boeger, Los Angeles; Mrs. Elfrida Pohlmann, Walworth Wis.; Wm. Boeger, Los Angeles, Calif.; Mrs. Alma Ifo, Arlington Heights; 5 daughters-in-law; 2 sons-in-law; 3 brothers-in-law 13 grandchildren; 2 great grandchildren; 1 brother, John Boeger, of Janesville, Iowa; 3 sisters; Mrs. Wallmann, Sumner, Iowa; Mrs. Everwein and Mrs. Draheim, of Woodstock, Ill.

BOWLING NEWS

Monday Night

The first half of the present season finished Jan. 7. The trailing teams subdued their rivals of better standing.

On 1 and 2 alleys Kehe Motor team took the strong Steinke Five into camp by winning two.

The Candy Boys won two from the Kitties on their favorite alleys, namely 3 and 4.

On 5 and 6 the Metz Cabbies won three from the first place Edelweiss team. The Edelweiss Boys just don't like 5 and 6. George Harris and John Duthorn are bragging about their wonderful scores of 475 and 464 respectively. The writer requests that these two good bowlers stay away from railroads. See you Monday.

OBSERVER'S NOTES

There is a wheel surrounding, And vast territory bounding; Its hub Arlington Heights, Each spoke a subdivision, Laid out with nice precision, Wise realtors its lights; They set the place aglowing, With visions far and knowing, And they boost with all their might.

Everything worthwhile in this world had a beginning. It may have been in something very insignificant and obscure. Rome wasn't built in a day. Mythology tells of its beginning, so "why bring that up now." The village Arlington Heights built on the wide prairie. The farm of Wm. H. Dunton.

Thus the little village of Dunton laid out in the early fifties, and called for this not far visioned man Dunton, has become the nucleus of greater things to be. The hub around which is destined to circle the greater Arlington Heights.

So one subdivision is platted by some early ambitious realtor and the first spoke sent out from the history of those early first, shall I say, unsophisticated dealers, has been so often told. The Arlington Heights of today is vastly more interested in the forseeing enterprise of today.

All of the subdivisions are as spokes from the central hub or nucleus, Arlington Heights. We might as truthfully say at the beginning of every spoke in this great wheel is some energetic realtor. To these forseeing energetic individuals, we owe the rapid evolution of our town from a post office and milk station to a second Chicago on the plains of Illinois.

In my humble opinion it had been a bit more emphatic, had these beautiful subdivisions been called East, West, North and South Arlington. Be that as it may, Arlington proper is the "hub," Stonegate, Arlington Manor and Arlington Park, we have, and with the names of other subs, am not so familiar. Scarborough, I believe is south of Stone Gate or is it Derby?

It would be a delight to spread out here before the people of the "Hub" some of the wonderful things that have been accomplished in the year last past by our enterprising realtors on the east, but I am informed that this is to be beautifully illustrated and described by those well qualified to know.

Aside from the amazing growth of Arlington Heights, what has the year brought to us. Just now the problem arises, what to do to keep our streets, walks and highways safe when snow and sleet covers them. Life is endangered by these conditions. It would require an army to keep them cleared and safe.

Read in the Herald last week of Rev. Billman's calls on several families and found some one sick in every home who he called. Now had he been calling in the neighborhood in which we live, I am thankful to say that he would have found not a sick person in a group of six homes. Mrs. Bauer had a case of flu, but soon recovered.

Over on Haddon avenue, a block away Mrs. Beitz was quite ill, but is now recovering. And Mr. Briggs has been kept from his business by illness for two weeks. So many families have been sick and shut in. Rev. Billman's experience in calling on his people, is not at all astonishing.

Our physicians warn us to keep out of crowds, eat wisely and have plenty of fresh air, and it has been nice and fresh all this week so far. Even though the air in the church seemed fresher than some times, and there was a creditable congregation, for the manner of day we had. Note—When our doctors say avoid crowds, they don't mean churches.

Hear so many speak of the great relief they feel on leaving the city for home these short winter days. No wonder the suburbs are growing. More and more people of intelligence are choosing country homes, and the place we know of as a more beautiful location than Arlington Heights with its pure air, pure water and kindly inhabitants.

Speaking of the new year and the opportunities it brings, Rev. Kossack was going to speak on that subject Sunday night and but for the dangerous walking which caused younger people to get bumps, I should have heard that sermon. Am sure he handled it helpfully and well. Opportunities we do all have to make good old mistakes, and grasp with true hearts and right purpose the new chance the new year brings.

Heard recently about a group of earnest Christian women, banded together for kindly helpful work. The number is supposed to be limited to twelve. They call their little band "The Ever Ready Club" their object is to assist those who need assistance, to sew, mend, and help in the homes of the sick, or helpless. To be ever ready to do good.

They need no slogan, their impelling motive is "to do" and when you know the personnel of this resolute band, you will be convinced they will live up to their name "Ever Ready." If you need their help or know of some one who does, be sure and call on them.

Something about flowers that waken old memories, sad or cheering. The sight and scent of a rose, a pink or a violet may waken sad emotions as the old song has it "The scent of a sweet geranium leaf may sting with a sudden pain."

They brought her many a gorgeous flower, Brilliant, exquisite, rare. They might have graced a princess' bower, Or well have won an empress' dowry. They were so wondrous fair.

They brought to her a fragile flower, Brimmed o'er with odors sweet; It might have swayed a kingdom's power, To breathe its fragrance for an hour.

And brought earth to her feet. The gorgeous lilies of the Nile, Had not the power to stir; Or scatter her sad dreams the while, Or win one melancholy smile, To soothe the grief of her.

They brought a simple flower of spring, Her heart ached with regret; She seemed to hear a robin sing, She wept above their offering, Her childhood's violet!

The seed catalogues are out, and the Tribune farm and garden talk says in sixty days gardens will be started. That's hopeful. Meantime suburban garden clubs have been organized in other towns, done some fine work too. Why not a Garden Club in Arlington Heights. Remember way back when our high school gardens were thriving over the fields now the East side? Not only high school pupils and teachers, but men and women outside cultivated successful gardens, where some of the finest residences now stand.

Someone in one of the north suburbs saw a robin last week. Poor little songster, tough lines for him these zero days. It is not unusual for these plucky little birds to stay here all winter. Years ago a robin sheltered under our east porch and came out regularly for meals. Paid his board and for all the cherries he could can in his glorious melody when spring came.

More and more the wild flowers are becoming extinct, once more I plead for a wild flower garden. For these plucky little birds to stay here all winter. Years ago a robin sheltered under our east porch and came out regularly for meals. Paid his board and for all the cherries he could can in his glorious melody when spring came.

Do you realize the splendid work being carried on for public welfare by our earnest local workers? When you think of the little graves out on the hillside east, you will realize the need something be done to save the children. Poor untalented young mothers! They need loving guidance and instruction as to how to care for those innocent helpless babes—their own. Inter-est yourself in this noble welfare

work. Visit the health center, the clinics, and give it your support.

The Tribune last Saturday morning gave us the first account of that sickening tragedy, a baby burned to death in our town! How terrible to contemplate! Kerosene poured on fire in a stove, to make it burn! Yes by an 8 year old child. Who is responsible? Here is a call for public welfare work—every child, every parent should be instructed of the danger of pouring oil on a live fire. Are they?

Listen folks! I didn't say "gee" in my notes last week, it is an expression I never use. I didn't say our love came to bring "havoc". I said He came to bring "Love". There were some other typo mistakes for which my miserable writing and the —O, well somebody's lack of getting my meaning. But it did make sad "havoc" of my meaning.

Mark Twain said there was more talk about the weather than on any other subject. Yet no one did anything about it. Not so today people not only "talk about weather" but they pry into conditions, and send shivering prognostications to us from Medicine Hat and the north pole, so we have an opportunity of enjoying a cold wave, or a blizzard hours before they reach us. Talk about! I'll say they do a lot.

Oh, what's the use—as time runs on— And every day you're older, Of making dull comments upon How "lengthening days grow colder?"

Why don't you see we need the cold To clear the air around us— Just as we need the peppy folks Though may sometimes wound us.

This world would be a dull old place Without a change of season! Just as we tire of any face That smiles without a reason.

A year without the nipping cold Would seem the dullest ever, We need the freeze to brace our hold On life and make us clever.

This morning did you get a thrill To see mercury sinking— When wondering if the coal man will Of your empty bin be thinking?

The lure of that Pacific Isle With its eternal sameness— Would weary one to sleep the while Quite surfeited with tameness.

O, don't you love this sparkling air? It puts new life in motion— And makes you ready to come share Your hearthfire with devotion.

Then there's a joy some may derive When extreme tales relating Of heat and cold—for all alive— Severe—and unabating.

When our good sun goes on a blink— We moan in desolation, But when it shines again We feel its worth a celebration.

We know there is a great delight When warmer breeze is blowing— We know our coal bills are a fright And now its gone to snowing! But California isn't here— So what's the use of growling; Heap on more coal, be of good cheer No bill collectors prowling!

—Elinore Crisler Haynes.

What Time? Little Eloise and her mother stopped the other day at a downtown street scene to get weighed. It was the first time for little Eloise, and she stood on the scale very quietly, watching the hand go up. Then she inquired with interest: "What time does it say, mam ma?"

Milk Driver Barely Escapes With Life

Nick Herf of Franklin Park, driving milk wagon for the Logan Square Dairy, narrowly escaped death Thursday morning, when his wagon accidentally slid off the pavement just east of the Soo Line tracks on Grand avenue. The accident was due to the slippery condition of the streets. Nick received several cuts and bruises, caused by the tip over, also from breaking glass of the door in order to get himself out of the rig. A small kerosene stove, used to keep an even temperature in the rig, was also another cause of danger.

Franklin Park Boy Hit By Motor Car

Eddie Baker, son of principal S. E. Baker, of the Leyden community high school, was struck down by a motorist, John C. Jasper, of the Chicago Sausage Co., Wednesday morning. Mr. Jasper immediately stopped, picked up the youth and rushed him to his home on Gustave street, where medical attention was at once procured, and injuries attended to.

The lad was skating on the slippery streets, and was just coming onto Grand avenue off from Gustave street when the approaching car unavoidably struck him. After examination by Doctor Dodge, it was found that the boy had received no serious injury outside of a general shaking up and several minor cuts and bruises.

River Grove Officer Is Falsely Charged

Charges against James Doherty, a police officer of River Grove were proven absolutely false in Judge Rossman's court of River Forest, Monday, January 7. A verdict of "not guilty" was rendered after the prosecution witnesses contradicted each other in testimony given the court. The verdict of the court therefore exonerated officer Doherty of any misconduct in the performance of his duties.

Franklin on Peace

I join with you most cordially in rejoicing at the return of peace. I hope it will be lasting, and that mankind will at length, as they call themselves reasonable creatures, have reason enough to settle their differences without cutting throats; for, in my opinion, there never was a good war or a bad peace.—Benjamin Franklin.

No. 8 of a Series on 'Metropolitan Chicago'

—showing why Metropolitan Chicago has every possibility of becoming the world's foremost metropolitan center in population as well as in trade importance—and that in a day relatively near. Leading authorities predict fifteen million population for Metropolitan Chicago within a lifetime.

METROPOLITAN CHICAGO—WORLD'S LARGEST INLAND PORT

FORTY YEARS AGO, a group of engineers conceived the unique idea of turning a river around—of directly reversing the course of its original flow. And so the Drainage Canal, 38.6 miles in length, was built, causing the Chicago River to flow out of instead of into Lake Michigan. Today this remarkable achievement, originally carried through primarily for sanitary purposes, forms an important link of the Lakes-to-Gulf Waterway which, when completed, will unite Metropolitan Chicago and the Gulf of Mexico by water.

Metropolitan Chicago, at the foot of Lake Michigan, is already the world's largest inland port in point of shipments and receipts. Metropolitan Chicago, 300 miles from the nearest ocean, ranks today as the eighth of all ports in shipping tonnage. The water-borne commerce handled each year in Metropolitan Chicago practically equals that which passes through the Panama Canal!

Through the Lakes-to-Gulf Waterway we are soon to become a world port, with a direct water route to the nations of the world. It is expected that the project will be completed in 1931.

Then barges will carry freight, at economical water rates, from Metropolitan Chicago to New Orleans and points between, leading to increased commerce. Then too—and even more important—Metropolitan Chicago will compete advantageously for foreign trade. The farms and industries of the Middle West will gain greater prosperity by virtue of this all-water avenue of shipping to world markets.

No insurmountable difficulty stands in the way of Metropolitan Chicago's someday having a second important water outlet to the sea by way of the Great Lakes and the St. Lawrence River. This contemplated route—already of sufficient depth the greater part of the distance—unfolds the possibility of ocean vessels from London, Liverpool and other European ports steaming directly into the docks of Metropolitan Chicago.

But water transportation is only one of many factors linked with Chicago's miraculous growth—only one of many reasons why Metropolitan Chicago bids fair to become the largest metropolitan center in the world. Other reasons are being told in other advertisements of this series. You will find them intensely interesting.

This series on Metropolitan Chicago, when completed, will be bound in booklet form. Address Public Service Company of Northern Illinois, 72 W. Adams St., Chicago, and a copy will be reserved for you. There will be no charge.

Wouldn't You Like PLENTY of Pure, FILTERED Lake Water?

The unusual hardness of the water obtained from the deep wells in the Chicago suburban area has long been a complaint of householders, commercial and industrial users in these municipalities.

The high content of lime and magnesium is responsible for a vast amount of "hidden wastes" in housework, for unusually large soap bills, and for damage to clothing in laundering as well as to painted and varnished surfaces, and to plumbing and factory boilers.

The way is now open for your community to end this trouble permanently. The Greater Chicago Lake Water Company is seeking contracts to deliver pure, soft, filtered Lake Michigan water at adequate pressure and in unlimited quantities at all times to each suburban municipality for sale to its consumers.

Ample financing assures an immediate start on construction when sufficient contracts have been obtained. Water will be available in two years after work commences.

Award High School Contract to Sollitt

The contract for the construction of the new central Maine high school to be built at Potter and Dempster roads, in almost the exact center of the township, was awarded to Ralph Sollitt and Sons, Chicago, by the Board of Education. The amount of the figure was not disclosed by secretary Theodore Markworth, but it is understood that the entire work will come within the \$650,000 appropriation provided for.

Several separate contracts were awarded along with the general contract to Sollitt and Sons.

Ready to Start Actual Work

With the contract let work will be ready to actually go ahead at the earliest possible moment. The general scheme of the job has been agreed upon and will not be affected by any revamping. The changes will come for the most part in minor details.

The actual starting of the work marks the end of the controversial difficulties between Park Ridge and DesPlaines over the high school proposition. It will also mean the end of the crowded conditions at the present building, a building designed for 250 and now accommodating 800.

The new building will cover one and one-third acres. Additional units will be added later as necessary.

Thirty acres are planned to be used for an athletic field, the remaining twenty-six and one-third acres will give the building perspective.

ROSELLE

Thursday evening the T. E. Club met at the home of Mrs. Otto Bokelman. Election of officers was held at this meeting. Miss Violet Sumner was re-elected president and Miss Irene Schaefer, secretary and treasurer. Refreshments were served by the hostess.

Word has been received from Rev. and Mrs. Street, of St. Louis, that Rev. Street has been seriously ill with chicken pox and flu. But he is able to be around and they plan to return home Wednesday.

Mrs. Gulek of Champaign, who came to spend the holidays at the home of her daughter, Mrs. Elmer Dillion, has been ill of the flu. The Ladies Aid of Roselle Lutheran church met at the school hall Wednesday afternoon. Mrs. H. Hattendorf and Mrs. Edward Hanke were hostesses.

The regular meeting of the Roselle Parent Teacher's Association was held Tuesday, Jan. 8, at the Roselle public school, with a very large attendance. The meeting was called to order by the president, Mrs. H. H. Volberding. Minutes of last meeting were read and approved. At the next regular meeting a bazaar party will be held for members and their guests. A party is being planned for the children of the school some time during February. The teachers and children had charge of the program which was very much enjoyed by the older folks. Cake and coffee were served by the committee.

The Ladies Aid of the Roselle Methodist church will meet at the home of Mrs. R. Baker Thursday afternoon, Jan. 17. Mrs. R. Scamehorn will assist with the refreshments.

Mrs. Elmer Dillon and Mrs. Frank Wind will entertain the ladies of the Home Missionary Society Friday evening, Jan. 18.

Miss Mildred Langhorst was united in marriage Saturday evening to Mr. Carl Rees by Rev. Ott. Those present at the ceremony were her mother, Mrs. Alvina Langhorst, Genevieve Banks and Bill Kaiser of Bartlett. The bride was dressed in a beautiful gown of green georgette crepe. She is a granddaughter of Mr. and Mrs. Henry Hattendorf, a resident of Roselle. Mildred is a very attractive and popular young girl, having met her home in Roselle all her life. She will be greatly missed by her many friends. She has been employed by the Roselle State Bank the past three years. Mr. Rees is a prominent young man of Quincy, Ill., son of Mr. and Mrs. Henry Rees. He has had charge of putting in the sewer system at Roselle the past year. Mr. and Mrs. Rees left immediately after the ceremony to spend two days at Quincy and then take a trip to California. They have our warmest congratulations and best wishes.

SCHAUMBURG

Whoopie. Don't forget the dance at Lengel's hall Jan. 9, given by the school of Dist. 54.

Marie Winkelhake is working at Mrs. Henry Bottermans at Roselle.

Quite a number of people attended the New Years dance at Schunt's Dec. 31.

Mr. and Mrs. Fred Bottermans and family visited Mr. and Mrs. Alfred Bottermans New Years Day.

Mr. Alvin Nebel is busy hauling coal for his father.

Mr. and Mrs. Emil Schrage are now living in his new home in Schaumburg Center.

Mr. and Mrs. Coope visited Mr. and Mrs. Fred Bottermans Sunday evening.

The Schambach children were taken to the Cook County Hospital Wednesday to have their tonsils taken out.

Business Men of Mt. Prospect to Organize Class in Gymnastics

Indications have it that final arrangements will be made at the Chamber of Commerce meeting on January 16 for the beginning of a gym class for the business and professional people in Mt. Prospect.

The membership of the class will not be limited to the Chamber of Commerce members only. Several other things of importance will come up for discussion which will be of interest to the members and all are asked to be present at this meeting.

If you have the Chamber of Commerce at heart, do not fail to attend this meeting.

Mt. Prospect Motorists Secure Tags Early

Mt. Prospect has established a record for timely securing of vehicle tags by the motorists and our village clerk Edwin L. Busse, is busy issuing them as fast as he can.

If all the motorists secure their vehicle tags early it will be a benefit to all concerned as the village will have the money to use and the police department will be saved the unpleasant duty of joggling up the memory of delinquent motorists.

The village clerk sent out a notice to every automobile owner in the village who registered his or her car last year, but this is an act of courtesy and the law does not demand this. Therefore Mr. Otto Owner cooperate with the village authorities and see that you have a vehicle tag on your car before you drive the streets of Mt. Prospect.

Boorman & Coughlin In Their New Home

The firm of Boorman and Coughlin are now located in their new headquarters and have put the final remodeling touches to the building which now looks like a modern place of business.

They have taken over the old bank building and have removed the barricades from the windows and installed new doors as well as several new fixtures. Both Mr. Boorman and Mr. Coughlin will soon be residents of Mt. Prospect both having homes for their occupancy under construction.

This firm of builders is also getting ready for extensive building operations in Mt. Prospect and are out to break the 1928 building record. We hope they knock it sky high and surpass all previous marks in the erection of new homes in Mt. Prospect. Good luck is our best wish to this enterprising firm.

Ladies Aid Prepare For First Play In New School Building

On Wednesday and Thursday, January 23 and 24, the Ladies Aid of the St. Paul's Lutheran church are giving their play. Tickets can be obtained at any member of the Ladies Aid or at Landeck's store. The name of the play is "The Absent Minded Bridegroom," a farce in three acts.

Ye Olde Reporter

Hello, folks, we are happy to report that our sick list is getting smaller, and everyone who has been sick are on speedy way to recovery. Good news!

A surprise party was given at the home of Mrs. F. Flesch on Thursday evening, in honor of her sister, Mrs. Wm. Gummoll. A very enjoyable evening was spent playing buncle. And a dainty lunch was served.

On Sunday morning the English service will combine Holy Communion at St. Paul's Lutheran church at 9:30. German services will be held at 10:30.

Littie Loraine Haake had the misfortune to fall and hurt herself quite seriously. She was quite a brave little girl when the doctor gave the stitches.

The Uphill Bunco Club was entertained at the home of Mrs. A. Haake Wednesday afternoon. Pretty prizes were awarded and a fine lunch served.

Mrs. J. H. Gors was taken to the West Suburban hospital on Sunday where she underwent an operation on Monday. Her many friends wish her a speedy recovery and that she will soon be home again.

The Ladies Aid held their monthly meeting at the home of Mrs. Walter Miller on Thursday afternoon.

Mr. Fred Krueger was taken to the Presbyterian hospital on Friday and has undergone an operation.

The dedication of the St. Paul's Lutheran school will take place on Sunday January 20. Divine services will be held at 3 o'clock. German services in church; English services in school. Supper will be served in the school auditorium. In the evening at 7 o'clock English services will be held at church and German at school. Everybody is heartily invited.

Mr. Walter Pohlmann and his two little sons met with a serious accident when the 633 struck the auto in which they were driving on Wednesday evening of last week.

A joint installation of officers of the Ladies Auxiliary and Veterans of Foreign Wars Prospect Post 1337 took place at the Rand Tower on Saturday night.

You may shovel shovel all you may, But it's pretty hard to drive the cold away; For when once the days begin to lengthen, Mr. Jack Frost's power begins to strengthen. But American people live, by looking forward to, The better days a coming, so let's me and you.

When you speak of a band of twenty pieces, it does not mean that the band will play twenty pieces. Speaking of bands, it is reported that quite a number of the young bloods of the Harmonica Band, are developing real strong lungs. — Maybe their director doesn't know this.

You will read, I really hope, Each line of this dope; Or if it really pains you so, Leave it, yes you may leave it go; Don't do anything to make you ill; Else you may have to take a pill; Rather said that would be, Eating pills ain't what the're cracked up to be, Perhaps that's not as bad as that; Only seems so, really at that; "Riding rimes" is no joke, Thus excuse me if I croak; Easy may it really seem, Right hard it is, this is no dream.

A person would get executed for the above in China, and as there are quite a good many Chinamen in the country, Ye Olde Reporter thinks that he had better play safe and sign off.

There is a limit to the height to which a balloon can ascend. The balloon rises because of the buoyancy of the air, and as the distance from the earth increases the atmosphere becomes more and more rarefied.

WOODDALE TO CONSIDER VILLAGE PLAN

At a meeting of the village board of Wooddale held Tuesday evening at the Wooddale school, much business of interest to the people of Wooddale was transacted, and future plans were discussed and future action planned.

Perhaps the most important matter to come before the board was the matter of a village plan, which was discussed at length by the trustees, each man on the board stating their views, upon request of president John C. Schwass. It was pointed out by the members that several neighboring towns were at the present time experiencing much difficulty, and also extra expense due to the village starting out in its early days without a logical village plan, the cause of crooked streets, no building lines, or building ordinances to govern the kind of buildings to be placed on the lots.

One of the objectors to hiring village engineers to draw up a map, and go into a city plan, was trustee Bolling, who called attention to the fact that the village was incorporated as a means of protection against being drawn into costly improvement programs being fostered by neighboring towns and it was the concision of the voters that this was the reason for having the village incorporated.

He was answered by other board members that this village did not care to go into any more expense than was absolutely necessary, but that it was also necessary for the village to look forward into the years to come, when the lack of an intelligent village plan at this time, would incur much additional expense in the future.

After general discussion president Schwass appointed the entire board as a committee to go into the plans of the three engineers who had submitted proposals, and take action at the next regular meeting.

Official Paper Appointed

The matter of having an official newspaper appointed to take care of the publication of the official notices was discussed and a representative of the DuPage County Register was introduced to the gathering by the village attorney J. Katz. It was pointed out to the board members that the DuPage County Register is a legal publication in DuPage Co., an option to that effect having been rendered by such law firms as Castle, Williams, Long and Castle, one of the foremost law firms of Chicago; Chapman, Cutler and Parker, the bond attorneys, which had been concurred in by Attorney Michael Kross, of Elmhurst and that the DuPage County Register had been accepted as an official publication in the county by the DuPage county courts. This statement was made to set at rest rumors to the contrary that have been made from time to time by some people who were not correctly informed upon the legal status of this newspaper.

Although the Register is actually printed in Cook county, its office of publication is in Bensenville, where it is officially entered in that postoffice. The representative of the paper stated that he was glad of the opportunity to make this point clear and Attorney Katz gave an opinion in the matter similar to that of the other attorneys.

After the reading of a vehicle tax and nuisance ordinance the meeting was adjourned.

RESOLUTION

WHEREAS, The village of Itasca has publicly announced in a newspaper of DuPage County, the intention of said village of Itasca to construct a septic tank and a part of their proposed sewer system on lands located within the corporate limits of the village of Wooddale; and

WHEREAS, The said village of Itasca has a practical site for the location of the said septic tank within the limits of their own corporation, but apparently desires to place this obnoxious structure as far as possible from their village, regardless of the rights of others, therefore, be it

RESOLVED, That the Board of Trustees of the village of Wood Dale, is unalterably opposed to the

construction of the aforesaid septic tank or any part of Itasca's sewer system on land located within the corporate limits of the village of Wood Dale, and that permission for such work shall not be granted; and

RESOLVED FURTHER, That a copy of this resolution be forwarded to the President of the Board of Trustees of the village of Itasca.

Rosedale Chapter O. E. S. Installs Its 1929 Officers

The public installing of officers of Rosedale Chapter, No. 979, was held Wednesday evening, Jan. 2, 1929, at the Masonic hall, Bloomington, Ill. Sister Lulu Benson, secretary of the Board of Grand Examiners, acted as installing officer. Florence Lock, grand lecturer, as installing marshal; Margaret Beach, chaplain, and Eleanor Nelson, member of Paul Revere Chapter, organist. Alfred C. Roloff, worshipful master, Arthur Henken, junior past master and William Roloff, past master of Northern DuPage Lodge, A. P. & A. M. as escorts. James Crandall and Ralph Lake, color bearers; Emma Krueger, associate conductress; Martha Laughlin, chaplain; Lilly Dillon, marshal; Louise Von Gunten, organist; Louise Harnen-ing, Adah; Lillian Satek, Ruth; Hattie Pohlman, Esther; Elizabeth Abel, Martha; Myrtle Henniken, Electa; Amanda Meyers, warden; Frank Wind, sentinel; Emma Krueger, soloist; Margaret F. Beach, instructress. Remarks were heard from the worthy matron, worthy patron, Sisters Krueger, Benson, Lock, Beach and Brother Beach. The program consisted of three very interesting numbers. Readings by Gertrude Shellenberg, Dorothy Volberding danced her best, and the Kobush trio rendered two selections. The worthy matron was presented a gavel from her husband and a beautiful beaded purse from the officers of 1929.

Schaumburg Choir Surprise Mr. and Mrs. Eggersmann

Wednesday evening, Jan. 2, the Schaumburg Lutheran church choir gathered at the home of Mr. and Mrs. Eggersmann to celebrate their fifth wedding anniversary, the so-called wooden wedding.

After singing a lusty "Lebe Hoch" at the door, the visitors were cordially invited into the cozy rooms of the surprised couple.

After singing the beautiful chorale "Now Praise We All Our God" the excited bride was handed a box of chocolate candy that she may gain her composure for the events which were yet to come. But the bon bons were only effective in creating a lot of merriment among the guests, for they consisted of wood, coated with chocolate frosting.

The president of the choir, Mr. Martin Kruse, now stepped forth, and with a few well chosen words of congratulation, presented the happy groom and bride a beautiful mantel clock and ten dollars in cash. Now the groom deemed it about time to make a speech and with the aid of his almost speechless mistress, managed to stammer words of thankfulness and appreciation. But the end of gift-making had not come yet. A huge basket, piled high with packages of all sizes, was carried into the room. The merriment and shouts of laughter increased as package after package was carefully opened, and an almost endless variety of wooden gifts appeared, from a magazine rack down to toothpicks, matches and kindling wood. After all this fun, the company enjoyed a game of buncos. This ended, all partook of a dainty lunch. Many a longing look was cast at the beautiful wedding cake adorned with five burning candles. But of surprises and jokes, there seemed no end, for when the bride attempted to cut the cake, only the frosting, marshmallows and candles proved to be genuine, which had been used to hide a block of wood.

After the meal vocal and piano music was enjoyed, and as the mid night hour drew near the jolly band departed wishing the choir director and his spouse many more years of happiness and bliss.

DuPage County 'Vets' Honor Former Heads

At a meeting of much interest to all ex-service men, and especially to members of the American Legion in DuPage County was held at Elmhurst Wednesday evening, January 2, when past commanders night was observed, by the Elmhurst T. H. B. post No. 187, Howard P. Savage was the principal speaker of the evening and his talk was enjoyed by all present.

Legion commanders and past commanders from all parts of DuPage county were in attendance, also Arnold Benson of Batavia, who is District Commander and Henry Mayhew of Villa Park who is the DuPage county Commander.

The meeting was attended by members of the different posts throughout the county and all reported a delightful evening, and left with the satisfaction of knowing that Elmhurst post were well qualified to put on a royal entertainment.

The past commanders present of the Elmhurst post T. H. B. No. 187 were Berry Malone, Walter Mc Nichols, William R. Hilliard, Douglas G. Chant, Charles A. Doswell, Alfred N. Nelson, Arden M. Nance and Arthur P. Wilson.

Man Is Hurt In Fireworks Explosion

Early Wednesday morning a terrific explosion at the Liberty Fireworks Co. on Rose street, in one of their powder houses was the cause of serious injury to Joe Klingler of Melrose Park.

The injured man was rushed to the Oak Park hospital where medical attention was administered, and attendants state the man will survive his injuries, although he suffered some very serious burns and wounds.

Employees of the fireworks company are unable to state the cause of the accident, as it happened just as the men were starting to work. This makes three serious powder blasts in the Franklin Park fireworks industries the last year. The building housing the powder was entirely demolished as were its contents.

Milwaukee Preaches For "Safety First"

The Milwaukee railroad, realizing that the work of the Safety First department had done much to eliminate accidents have gone into the work with more zeal and energy than ever before. Believing that it is a matter of education, they placed more men in the field this week. The duty of these men will be to conduct meetings, visit the employees at work, keep a close lookout for unsafe conditions and practices and receive suggestions from all employees as to what in their opinion would further the cause of accident prevention. Each and every personal injury will be followed by a standard investigation and the real cause determined. It is the belief of the management that in this way the real causes of many avoidable accidents can be determined and the cause eliminated. A number of stringent Safety First rules is to be written into the "Book of Rules" and it will be the duty of the field men to see that every employee understands the importance of abiding by the same.

While accidents on our railroads have been decreased a great deal since the Safety First move was started, it is the belief of all concerned that by strictly adhering to the new system which the Milwaukee has adopted, thousands of other homes will be relieved of the anguish and suffering caused by accidents which should never have occurred if every employee had kept Safety First uppermost in their minds while engaged in their hazardous occupation.

As the writer has often said in talks at public meetings as well as in written magazine articles on the subject of "Safety First", I firmly believe that a few minutes of every school day should be devoted to talks on accident prevention, pointing out extra hazardous chances taken by children every day. Teach the child to always think before taking a dangerous chance and he will cultivate a habit of carefulness which will remain with him throughout his life and make the world safer for everyone in it. It is not only the railroads but every individual's duty to see that all unsafe practices are discontinued for the safety of all.

FRANKLIN PK. PIONEER DIES

Many Friends Pay Tribute To Daniel McNally; Was Buried Monday

Franklin Park lost one of its pioneer citizens, when on Thursday, January 3, death claimed Daniel McNally. This kindly gentleman who made his home in this village for thirty-six years had made a host of friends and scores gathered to pay him honor with kind words and floral tributes.

Mr. McNally had been ailing for some time and following the death of his wife, Mrs. Kate McNally, who passed away November 21, he grew steadily worse. He was born in Ogdensburg, New York and died at the age of sixty-nine years.

Funeral services were held Monday from the Sax-Tiedemann Funeral chapel with Reverend Warren C. Henslee of the Franklin Park Methodist church officiating. Six old time friends of Mr. McNally acted as pallbearers. They were: Leonard Gibbs, William Hartwig, August Kirchhoff, R. Lindhorst, Thomas T. Tiedemann and John E. Debus. The burial took place at Eden cemetery where Mrs. McNally is buried.

Mr. McNally leaves to mourn his death four daughters, six grandchildren and one great grand child. The daughters are Mrs. Mary Tittle, Mrs. Mabel Habich, Mrs. Agnes Hinrich and Miss Laura McNally. The sympathy of the entire community is extended to the family in their bereavement.

Dr. Simon P. Long

Is Buried Monday

With the burial of Dr. Simon Peter Long in the Irving Park cemetery Monday afternoon passed one of the Lutherans most famous preachers, a man that was known over the entire world and known by many of our local people.

Dr. Long, who was 88 years old, was ordained in 1886 and filled several pastorates in Ohio until he became president of Lima college of Lima, O., in 1893. He was the author of many pamphlets on biblical subjects and once wrote a reply to Robert Ingersoll entitled "Bob's Bible." One of his books was on

a trip to Jerusalem and eighteen foreign countries.

His lecture tours carried him throughout the nation. The last of these was made in 1917, when he traversed the entire country lecturing on the 400th anniversary of the sixteenth century reformation. Surviving are his widow, Alice Marion Long, and four married daughters. The Long residence is at 1508 Hoyne avenue.

Auto Accident Nearly Fatal To Sam Fox

Mr. Sam Fox formerly of Bensenville businessman, who used to operate Fox Restaurant, now running a hotel in Savannah, Ill., narrowly escaped death in an auto accident last Friday, according to reports received in Bensenville this week.

Friday morning he left Savannah for Chicago, to attend his sister who was to undergo an operation that morning in a Chicago hospital. When Mr. Fox was about five miles out of Polo, Ill., another car collided with his machine, a serious smashup being the result. Mr. Fox was rushed back to his home where physicians made an examination of the injured man.

Life Account Long Grove Father and Daughter

MR. HERMAN KRUEGER

Mr. Herman Krueger of Long Grove was born in Elia township, Ill., Jan. 22, 1870. His parents being members of the Long Grove Evangelical church, he was baptized in his infancy, March 18, in the year 1884. He was confirmed by the late Rev. G. Wicser. His early youth he spent on the farm. When still a young man he found employment in the cheese factory of Long Grove. For over 30 years he was in charge of the butter and cheese making.

February 24, 1897, he was united in holy wedlock with Miss Emma L. Umbdenstock of Long Grove, Illinois. This happy union was blessed with one child, Mildred, who is now to be laid to rest in a double grave with him.

When the cheese factory closed up, he built a modern bungalow which was surrounded with a well kept lawn and a beautiful flower garden in which he often entertained his flower loving pastor.

He was a member of the Long Grove church ever since he was confirmed; he also was president of the Brotherhood which was organized 17 months ago. Though the organization is yet young and not at all strong, he was never discouraged, but urged to keep up even under adverse circumstances. He was also chairman of the cemetery committee and was ever planning to beautify our necropolis. He planted flowers and planned to lay out a new addition next spring. As chairman of the building committee he spent much time and energy to remodel the parsonage and put in all modern conveniences. He did all the plumbing himself.

Saturday, Dec. 5, he went with his beloved wife to view the mortal remains of their only child. At the side of the bier he sank over and died. He had attained the age of 58 years, 11 months and 4 days.

He leaves to mourn their loss, his prostrated widow, Emma Krueger, his grandchild Elain Blanche Gossweiler, who he was so ready to adopt; three brothers, Wm. of Lakes Corners; Hy. of Wauconda, and Richard of Downers Grove; his son-in-law, Walter Gossweiler, in whose home he passed out of this world, and from whence he was buried with his daughter. His aged father-in-law, Mr. Geo. Umbdenstock of Long Grove, is also saddened by this dispensation. Many other relatives and friends are sorely grieved and sympathize with the bereaved families.

MRS. WALTER GOSSWILLER

Mrs. Mildred Louise Gossweiler, daughter of Mr. and Mrs. Herman Krueger of Long Grove, Illinois, was born Feb. 7, 1898, at Long Grove. Sunday, June 12, of the same year, she was dedicated to God in holy baptism; the officiating minister was Rev. A. A. Stark, the father of her attending physician. She was a member of the confirmation class of the year 1912, and was thus instructed and confirmed in the Christian faith by the late Rev. C. Hummel, who testified that she was one of his best German scholars. Since her confirmation, she was active in the church as well as in the S. S. Up to the time when her little daughter was born, she was teaching the primary class. At that time Bessie took over her class temporarily as we hoped, for she was determined to return again as soon as her and the baby's health would permit. Now the great Shepherd has removed her from her flock of little ones and from her family. She was also treasurer of the church.

She was given in marriage to Mr. Walter Gossweiler May 7, 1921. As soon as they were settled in their new home, they were joined by the little daughter of her husband, who had thus far been reared by her grandmother Gossweiler. Their union was very happy, and little Bessie clung to her new mother with an affection which was touching and in return was caressed by this new mother of her's as though they had never been one. Never has there come any thing between them to strain their relations. The happiness of the family was enhanced by the birth of Elain Blanche last April. Alas, her coming was by no means a cup of unmixed joy. The mother suffered at the time of illness from which she never fully recovered. Also the baby gave much cause for anxiety. Both, mother and child, suffered from the effects of careless nursing which a well paid graduate nurse accorded them. However, under the care of another nurse and the excellent treatment of Dr. C. Stark, both soon fared much better and the husband and child had been sustained by a fall and Bessie's health had finally been restored, every member of the family having been under medical care, they troubled to have come out of the troubled waters and enjoy a smooth journey on life's sea. Alas, when Bessie came home from the high school of Lake Zurich, she felt that she would come down with the influenza. Though she tried to fight it off until the Christmas season, she had to give in three days before Christmas. She could therefore not be present at the organ nor be with her class during the program. On Christmas Eve the baby was sick and on Christmas Day, Mrs. Gossweiler had to be put to bed. Though they had helped to prepare the program, Mrs. Gossweiler and Mr. Krueger helped to set up the Christmas tree, neither one saw the tree burning and it had to be taken down before we had intended to do so to make room for both caskets in the church. Though Mr. Gossweiler rallied quickly, on New Year's day after a dinner which Mrs. Krueger had prepared for both families, Mrs. Gossweiler suffered a setback, and the nurse which had left the case had to be called for again. She seemed to rally for the second time, yet the troubled face of her father showed that he was not as optimistic as the rest of the folks. His feelings had not betrayed him; on Thursday, Jan. 3, his daughter changed for the worse. The capable nurse soon sensed the danger and quickly called for the doctor, who again

called a brother of his profession for a consultation. They clearly saw that no human skill could preserve the precious life of Mrs. Gossweiler. Peacefully she went to sleep in Jesus at 5 p. m., having attained the age of 30 years, 10 months and 27 days.

She leaves to mourn her departure, her grieving husband, Walter Gossweiler, Bessie, her daughter in affection, Elain Blanche, the baby; her mother, Emma Krueger, her father having survived her for but forty hours. He was buried by her side in a double grave. She also leaves an aged grandfather, Mr. Geo. Umbdenstock, Sr., an uncle, Mr. Geo. Umbdenstock, Jr., all of Long Grove, Ill. Mrs. Wm. Schey from Libertyville is also an aunt, she too suffered very much by this dispensation of our Lord. There are many more relatives and friends too numerous to mention. All of them extend their heartfelt sympathy to the two bereaved families.

Ford Motors Are Made Accurately

A million axle shafts, each one exactly like the other 999,999 within one thousandth of an inch—four million pistons fitting four million cylinders with a degree of exactness that all but staggers the imagination—many more millions of drilled and threaded holes, all placed with an accuracy of location that is incomprehensible to any but the mechanically or mathematically minded—and all these factors, combined with other millions of parts manufactured in widely separated units of a gigantic plant, meeting on an assembly line to fashion a million automobiles. This is the miracle that is modern mass production, the miracle that was conjured up by Mr. Henry Ford when he started his first automobile assembly line.

The story of how it is possible to make a million—or ten million, or twenty million, for that matter—of any machine part, each one identical with all its fellows, is a story of measurements. Just as that story of measurements explains the ability of the Ford Motor Company to produce fifteen million Model T automobiles, it also explains Mr. Ford's ability to produce the Model A in the same plants and by the same methods that make possible the pioneer Ford cars, yet at limits that are from 1/4 to 1/2 what they were on the Model T.

Today, in the Detroit plants, mechanics who have never looked through the eye-piece of a microscope are measuring within limits too fine for any unaided eye to see. Model A parts machined to within one ten-thousandth part of an inch accuracy are all in the day's work. Back of this precision are something like a million gages that must be kept in correct adjustment at all times, and many thousands of these gages are in constant use throughout the Ford plants. There is no time for hand-fitting of inaccurate parts on the assembly line. They must either fit the first time or they are valueless. Therefore the parts must leave the various machines which fashion them with every specified dimension correct.

The result is that when put together, the car moves off the assembly line under its own power, a completed means of transportation requiring no special adjustments. There are inspection and working gages to measure outside and inside diameters, lengths, widths, heights, angles, pitch diameter and lead of screw threads, which are in the hands of workmen throughout each day, testing and checking each part as it passes from machine to machine through the plant. But these gages will wear or get slightly out of adjustment under constant use, therefore, they must be constantly watched. So behind them must be master gages, of greater accuracy, for use as Standards. These master gages, the product of the C. E. Johansson Division of the Ford Motor Company are accurate within a millionth part of an inch. Throughout the Ford plants inspectors are moving constantly, each with special hardened, ground and lapped rectangular steel blocks—Johansson Gages. These gages blocks are in special sizes to meet requirements of the workman's scrutiny; making it unnecessary for inspectors to make up combinations to measure different dimensions of length. A set of 81 gage blocks, such as is used in the tool room, can be combined to measure 120,000 different size lengths, from three-sixteenths inch to over twelve inches, and each of the 120,000 combination gages represent a variation of one ten-thousandth part of an inch.

On some operations where the limits are close, the gages are changed every two to four hours to correct a wear of one ten-thousandth part of an inch which occurs in that time. Others are adjusted or changed at less frequent intervals, as frequency of use and amount of wear dictates. In addition to their use in the production of Ford cars, trucks, airplanes and Lincoln automobiles, the Johansson gage blocks are the standard of the world for industrial precision measurement of length.

AMONG THE THEATRES

THIS THING CALLED LOVE AT WOODS

Commencing Monday evening, January 14th, Patterson McNutt, producer of "The Poor Nut," which had a successful run at the Cort, will bring to the Woods his latest production by Edwin Burke, a light and lively comedy, entitled "This Thing Called Love," directed from an engagement in New York of five months at the Bijou theatre, where it was acclaimed by press and public as the gayest comedy hit of the year.

Instead of a star, Mr. McNutt has provided his play with three featured players all well known to Chicago audiences, in the persons of Violet Heming, seen here in many successes and one of the leading personalities in the all star cast of "Trelawney of the Wells," and also that of "The Rivals," Miss Heming also lent her talents to the cast of "Disraeli" as leading player with George Arliss. Minor Watson, personable young leading man, who is best known to Chicago audiences through his performance here in "Howdy King," and who also played with Christal Herne in "These Modern Women" and with Ruth Chatterton in "Magnolia Lady," and Juliet Day, whose last appearance here was in "No, No, Nanette," in which she was one of the leading hits during the run of this success at the Harris.

Miss Day has had a long list of successes to her credit. Since her first appearance in the "Blue Bird," she has scored in "Everywoman" in which she played "Modesty," in the original production of "The Yellow Jacket" and in "Upstairs and Down."

Other leading members of the company include Malcolm Duncan, who was last popular with Chicago audiences in "Whispering Wires," Ruth Garland, Henry Whitmore, Bruce Elmore, Josephine Lewis and others.

"This Thing Called Love" relates a sparkling tale of Park Avenue life and romance, with widely diverging lives and tastes of three young couples, two of which are already mated, while the adventures of the third before they take the fatal leap, forms the romance of the story.

Bright and sparkling lines, original situations and unlooked for denouements furnish the chief charms in this tale of high life, which has been pleasing large audiences in New York all this season and is now brought intact to Chicago with the entire original cast and production.

The price scale for the engagement of "This Thing Called Love" at the Woods has been made extremely moderate with best seats at \$2.50 except for Saturday evening, while both Wednesday and Saturday matinees the best orchestra seats are \$2.

"Show Girl," Sound Hit, At Norshore

A new madcap, peppier than any flapper, hits the screen in First National's "Show Girls," playing at the Norshore theatre starting Saturday, January 12. Alice White in her new vehicle has been instantaneously successful everywhere the picture has been shown, even if she does make spectators gasp a bit!

"Show Girls" is an adaptation of the sensational best-seller of that title by J. P. McVoy.

At Kyle and his Jazz Collegians will hold the stage in a gala synopsed revue, including a large and talented cast of stars.

"Dream of Love" Is Tender, Rairy Film Romance

Joan Crawford and Nils Asther, stars of the film sensation, "Our Dancing Daughters," again appear together in the leading romantic roles of the gripping film modernization of "Adrienne Lecouvreur," entitled "Dream of Love," which comes Saturday, January 12, to the Paradise, Uptown and Tivoli theatre screens.

"Dream of Love" is a youthful romance of tender love, with Miss Crawford in all her supple beauty

who was to have participated in the series of services.

It is hoped and expected that these services will be carried out at a later date at such time as weather and conditions are better in the parishes will permit. Announcements pertaining to same will be made through this paper when plans and dates have been arranged. It is with the deepest regret that the postponement has been made but it is believed that it will be to the interest of all concerned.

as a flashing gypsy girl. An elaborate supporting cast includes splendid players. Asther is seen to great advantage as the Crown Prince and reaches new dramatic heights in the climax where he is ordered executed as a traitor.

Fred Niblo, who directed "Ben Hur" and many more triumphs including Greta Garbo's "The Mysterious Lady," again wields the megaphone in such a way as to bring onto the screen tender yet passionate romance, and once again may be credited with another exceptional directorial accomplishment, one which sets a new pace for cinema fare.

Popular Jazz Idol Visits 'Windy City' For Week Only

In this day of good will ambassadors, Ted Lewis, the High Hat King of Jazz, and his Merry Musical Clouds to the Chicago theatre for a personal appearance, wishes to say a word or two for American jazz which is more popular than ever in Europe.

Lewis, who recently returned from a triumphant engagement in Paris, London and Berlin, reports that American jazz and musicians are so popular in the European capitals that an American can even appease a Paris taxi cab driver by merely whistling the "St. Louis Blues."

Lewis, from his vast experience, contends that jazz is a great denominator of music and that it is so far the only universal language, in that it makes all people, regardless of nationality, act the same. He also continues to state that it is the most efficient medium with which to bring the real spirit of America to every part of the world, having done more than any other of our exports.

With this second European tour behind him, Lewis, after concluding his present engagements on the Public circuits, will go to Hollywood to make a talking feature film. His contracts for this and other movies will preclude any further tours at least for another year. Lewis and his Clouds will be in Chicago for one week only. Their schedule calls them out of town after a single week at the palatial Chicago theatre.

'Four Sons,' McVickers Sound Film Is Gripping

Margaret Mann, the little mother, "Mutterchen," of the four noble sons in the title role of "Four Sons," now showing at McVickers theatre, gives one of the finest characterizations ever shown on the screen.

At the ripe old age of sixty, Margaret Mann reaches the pinnacle of film fame by her simple and unaffected portrayal of the grief-stricken mother who is left behind, all alone, when her four sons march off to war. Woven into this major theme is the brotherly love of the four sons and their devotion to their mother.

Aside from the many touching scenes of mother love, the film abounds in youthful romance, the sweethearts of two of the sons being played with great charm by June Collyer and Ruth Mix, daughter of Tom Mix, internationally famous screen star. The boys are superbly played by James Hall, Charles Morton, George Meeker and Francis X. Bushman, Jr.

"The Terror," Soon Due At McVickers Theatre

"The Terror," an all-talking picture, is due to draw big crowds to McVickers theatre, where it will be shown within a short time, replacing "Four Sons," the current production.

Vitaphone is used for every word formerly explained in titles, and also, it records faithfully, every sound incidental to the progress of the shuddery, amusing comedy-drama, the scene of which is set in the spookiest of old manor houses.

Al Jolson Continues To Thrill Roosevelt Crowds

Enthusiastic throngs are acclaiming Al Jolson's second Vitaphone picture, "The Singing Fool," as the greatest of all the vehicles which the world's most famous entertainer, has had in his spectacular career.

In "The Singing Fool" he plays the part of a waiter in a Broadway cabaret—a song writer who helps the woman he loves to a place as a revue star and marries her only to be left with a small son, when the faithless woman deserts him for a richer man.

"The Singing Fool" is a heart story providing a thousand opportunities for Jolson to display his genius for moving us all to tears or laughter. He has some marvelous new songs, and does not forget some of the unforgettable old ones. His speaking voice, too, is perfectly attuned to the medium of Vitaphone, and he has an all-star supporting cast.

DAIRYMEN ARE OPPOSED TO STRIKE

By an unanimous majority, members of the Pure Milk Association, in session at Woodstock Wednesday afternoon, voted to postpone action upon a general milk strike in the Chicago region pending a meeting with Chicago dealers and the fact finding committee, in a last effort to arbitrate price differences. Dealers have posted a \$2.50 price for January, February and March, whereas the association has demanded \$2.85.

The association was prompted largely in its action by the report of the fact finding committee, made public in Chicago, which report in substance urged a one cent increase in the retail of milk, the extra cent to be given entirely to the producers, making the hundred-weight price about \$2.96½. The report also urged the Pure Milk association to refrain from strike action pending further steps to arbitrate the milk price controversy.

Hope for Arbitration
"We are not going to call off a general strike, but simply plan to defer action," declared Will C. McQueen of Elgin, president of the Pure Milk Association. "If there is any hope at all of avoiding a strike we want to make the best of it. We have realized from the first that a strike is not the proper thing but have been forced into the position in which we find ourselves."

Possibility that the Pure Milk association might enter the retail dairy business in opposition to Chicago dealers is seen in the announcement of D. N. Geyer, field director that steps have been taken for the organization to assume control of the Keystone and Rosen dairies in the Chicago market. Capacities of 75,000 quarts daily. The association would enter the retail business only as a last resort, it was pointed out.

Recommend 15-Cent Milk
Recommendation that the retail price of milk in Chicago be increased from 14 to 15 cents per quart, the additional cent to be given entirely to the milk producer, was contained Tuesday in the formal report of the fact finding group of the Chicago Milk Marketing committee, appointed last October to delve into the milk price situation in the Chicago territory.

The one cent per quart increase, proposed to be given dairymen under the new price scale, would be equivalent to raising the farm price of milk 4½ cents a hundred pounds, making the price \$2.96½ a hundred for milk containing 3.5 per cent butter fat. The present price of \$2.50, posted by Chicago dealers for January, February and March of this year.

The committee urged that milk marketing be put under arbitration and that dairy farmers be fully recognized by the distributors.

Make Five Recommendations
In its report, the fact finding committee made the following five recommendations:

1. That the milk producers' organization be fully recognized by the dealers and that a system of arbitration be set up within the industry to protect the rights of all interests, including the public.

2. That the proposed milk strike be called off.

3. That, if the present price of milk in Chicago does not warrant an increase to the farmer, the price to the consumer be increased one cent a quart, and that all of that increase be paid to the producers on a base and surplus plan.

4. That the Chicago milk marketing committee hold itself intact until the present emergency is past, and that it constitute itself into a small working unit to function efficiently.

5. That, if the various elements in the milk industry decline to accept voluntary arbitration, the public be urged to seek legislation putting the milk industry under the regulations of the Illinois commerce commission as a public utility.

Milk Management Scaled
The committee's report is signed by Newton Jenkins, chairman; Mrs. Wilbur E. Fribley, chairman of the Chicago milk marketing committee, and Dr. Arthur E. Holt. They say that the committee does not pretend that the price increase suggested will give dairy farmers cost of production, but they believe it would "go far toward correcting the situation in the country."

MORTON GROVE

Mr. Casper Hildebrandt is confined to his bed with the flu. The Jerusalem Lutheran congregation held its annual meeting, election was held. The old officers were mostly reelected. The only new ones are Mr. Ed. Gademann, elected on the Finance Committee and Mrs. H. Schlottbeck on the school board.

As some very important business remained unfinished the meeting was adjourned to January 20 at 2 p. m.

The financial reports given by the committee, Fin. Sec. and Treasurer showed that the congregation had a good year.

Mrs. E. Somme entertained her grandchildren at dinner Sunday evening, although Mrs. Somme will celebrate her 92nd birthday. She presented all of her granddaughters with an apron sewed by herself and took active part in preparing the dinner. There were 11 grandchildren and 2 great grandchildren. The afternoon and evening were spent playing games. All enjoyed the evening and found Grandma Somme a fine cook and hostess.

League Women Voters To Meet January 12th

The Forum of the League of Women Voters, has arranged an all-day conference for Saturday, January 12, in the Florentine Room of the Congress Hotel. The State's Council for Child Welfare is the subject for discussion. The program is of serious and immediate concern to the women of Illinois because it deals with matters where state and federal action can be of great benefit to innumerable children.

The morning session will open at 10:30 with an address by Miss Jessie Binford, superintendent, Juvenile Protective Association, on "Children's Temptations to Delinquency." Mr. Henry P. Chandler, vice president, Illinois Child Labor Committee, will talk on "The Illinois Child Worker." "What Illinois Needs to Do For Child Health" will be discussed by Mrs. Alfred D. Kohn, chairman of Child Welfare Service of Kentucky, will tell her dramatic story of "The Frontier Mother and her Child." Dr. Frances C. Roth of the United States Children's Bureau, will report on "The Children's Bureau Study of Maternal Mortality." Mrs. Dorothy Kirchwey Brown, of Boston, former Child Welfare Chairman of the National League of Women Voters, a leader in the campaign for the passage of the Sheppard-Towner Act, and sometimes called "the babies' friend" will speak on "A Federal Child Welfare Extension Service."

To those who are not members of the Forum the admission will be fifty cents for the day.

Morton Grove Wins

Well, folks, you sure missed a smashing good game of basketball. The Morton Grove Cardinals won over the St. Peter's team at Deerfield Monday by a score of 30 to 29. Now I mean this was a game to talk about, for it was no football nor soccer, but a good game of basketball. First of all I wish to announce that the score would have been better in our favor if we had a large crowd to support the M. G. team. This being the first game Morton Grove won, I think they have found where the baskets are located, at least I hope they did for the fellow's promised they would follow up now and win most every game.

Niles Center Defeats Morton Grove
The Niles Center basketball team walked home with a smile on their faces for they won another game from the Morton Grove public school gym. The score was 28 to 17. The referee, Mr. Flashing, called 24 fouls on both teams and still Niles Center won. Niles Center set up the first basket by a mere chance shot, of course the whole game was a chance. One thing to be said it was a wonderful game of basketball for both teams played their part, but this remark I wish to announce, is that folks who do not play sportsmanlike. No matter how bad the play for either team or how bad the referee called the play, I wish the folks would not boo at it for this proves poor support.

The referee was very slow in making his decisions and Niles Center team was most too anxious both on the court and on the bench, to take the referee's position, for they decided what the play was to be.

Don't forget folks, the next game is at the Morton Grove school gym with the Niles Center Roamers Monday, Jan. 14.

School Contests
There is a great deal of rivalry between Niles Center and Morton Grove school basketball teams at the Morton Grove gym. The first game was between the boys. It sure was a knock out to see those little fellows in their new suits jump and try to make a basket. Although Morton Grove boys were the girls came back with a wonderful exhibition on basketball, which brought home the bacon.

Folks I'm not kidding you, the next time you hear of the M. G. S. having a basketball game, don't miss it, for you'll see a game well worth your time.

**Pioneer Summoned
To Eternal Rest**

With the coming of the New Year a pall of sadness fell upon the East Maine community, but cast its gloom on the Wm. Mueller and Henry Koch homes, January 2, at 1:15 a. m., their loving mother, Mrs. Mary Mueller, was quietly and suddenly summoned from this earth to spend her New Year with her Maker. A heart attack was said to be the direct cause of her death, although she had a slight attack of the flu a short time previous, from which she had fully recovered. Her age at the time of her death was 72 years, 9 months.

Grandma Mueller was one of the pioneers of this vicinity. She was born April 2, 1856 on a farm on Golf Ave., on the same place at which she died. Her maiden name was Mary Hasse. November 4, 1877, she became the bride of Mr. Jacob Mueller, who died 12 years ago and since then Grandma Mueller had made her home with her son, William, living on the old homestead. Her friends were true and many. She was beloved by all who knew her and she had a kind word and cheery smile for all.

Of the three children born to this family, one daughter, Mamie, preceded her mother into Eternity. The two remaining are William and Mrs. Lizzie Koch. Also left to mourn are one brother, Louis Hasse one daughter-in-law, 2 sons-in-law, 12 grandchildren and one great grandchild.

Funeral services were held January 4, with a short service at the house and was continued in St. Matthew's Lutheran church, of which deceased had always been a member. Rev. Toepel officiated speaking words of comfort to the sorrowing family. Henry Ahrens, Henry Pries, Wm. Kneft, Jr., Julius Lainer, John P. Seil and Christ Schmieschneider, neighbors and life-long friends of the deceased served as pall-bearers. Burial was made in Ridgewood cemetery. The sincere sympathy of the community is extended to the bereaved family and relatives.

CARD OF THANKS
We herewith wish to extend heartfelt thanks and appreciation to all our neighbors and friends and all who were so kind to us in our recent bereavement, and especially for the beautiful floral offerings.

Mr. and Mrs. Wm. Mueller, Mr. and Mrs. Henry Koch, and Families.
